Freedom of Information Policy

Publication Scheme on information available under the Freedom of Information Act 2000

The governing body is responsible for maintenance of this scheme.

Introduction: what a publication scheme is and why it has been developed

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public. To do this we must produce a publication scheme, setting out:

- The classes of information which we publish or intend to publish
- The manner in which the information will be published
- Whether the information is available free of charge or on payment

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is available in paper form. Some information which we hold may not be made public, for example personal information.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

Categories of information published

The publication scheme guides you to information which we currently publish or which we will publish in the future. This is split into categories of information known as 'classes':

- Class 1 – who we are and what we do
- Class 2 – what we spend and how we spend it
- Class 3 – what are our priorities and how are we doing
- Class 4 – how we make decisions
- Class 5 – our policies and procedures
- Class 6 – lists and registers
- Class 7 – the services we offer

The information available in each class is detailed in Appendix 1.

How to request information

A significant amount of information is available on our School Website. However if you require a paper version of any of the documents within the scheme, please contact the school office by telephone, letter or e-mail.

To help us process your request quickly, please clearly mark any correspondence “PUBLICATION SCHEME REQUEST”.

All requests for information must be specific in their content, listing the documents required within this scheme. If the information you are looking for is not available via the scheme you can still contact the school to ask if we have it.

We will respond to all requests for information without delay and at the latest within one month of receipt. Where requests are complex or numerous, we may extend the period of compliance by a further two months. If this is the case, we will inform the individual within one month of the receipt of the request and explain why the extension is necessary.

Paying for information

Information published on our website is free, although you may incur costs from your Internet Service Provider. If you don't have internet access, you can access our website using our school computers on request, a local library or an internet café.

Single copies of information covered by this publication are provided free where their publication is necessary for information purposes, however further copies are chargeable under the terms of this policy. If your request means that we have to do a lot of photocopying or printing, or pay a large postage charge, or is for a priced item such as some printed publications or videos we will let you know the cost before fulfilling your request.

Photocopy charges are detailed in Appendix 2.

The maximum charge for providing information under the terms of this policy is £450.00 as per the Freedom of Information and Data Protection (Appropriate Limit and Fees) Regulations 2004. If the estimated cost to find the information and prepare the enquiry for release is more than £450.00 then the enquiry can be refused.

Feedback and Complaints

We welcome any comments or suggestions you may have about the scheme. If you want to make any comments about this publication scheme or if you require further assistance please contact the Headteacher through the school office.

If necessary, please follow the schools complaints policy. If the complaint remains unresolved you may contact the Information Commissioner's Office. This is the organisation that ensures compliance with the Freedom of Information Act 2000 and that deals with formal complaints.
